

# TACTICAL THIGH RIGS

EFFECTIVELY and EFFICIENTLY transfer some of your tactical load from your shoulders and back to your hips and legs.

**Most BLACKHAWK!® TACTICAL THIGH RIGS include the following common features:**

- Patent # D500807
- Adjustable Lid Design on most pouches to fully secure each device
- Elastic rubberized leg straps for stability and comfort

**IVS™** back panel for increased ventilation and added comfort

**ABRASION AND MILDEW RESISTANT**

Made of 1000 denier nylon lined with closed cell foam

**TAKES THE SHOCK BUT WON'T ABSORB WATER**

Drainage grommets in the bottom of pouches

**Slotted webbing; adjustable and removable belt hanger, non-slip leg straps, and belt loops allow four different configurations:**

Low ride drop leg with two leg straps

High ride drop leg with one leg strap

Belt-mounted

ALICE clip configuration for attaching to a vest, pack, etc.

**BLACKHAWK!® OMEGA™ LEG STRAPS**

- Elastic leg straps with rubberized grip woven into the webbing
- Side release buckle and tri-glide keeper to secure and adjust
- Used on all BLACKHAWK!® drop-leg holsters and rigs

**LEG STRAP 2" 40LS02**

**\$10.99**

**BLACKHAWK!® DROP LEG EXTENDER**

- Extends gear below the belt by five inches
- Attaches to drop leg holsters, pouches, and rigs

**56DLE2BK \$10.99**

**BLACKHAWKI® KNOXX™ SHOTGUN BREACHER'S STOCK & ACCESSORY KIT**

A collaborative effort between Dynamic Entry® and KNOXX™ Stock, this kit features the trademarked BLACKHAWKI® KNOXX™ BreachersGrip™, a weapon's catch, weapon's sling and body armor adapter. The BreachersGrip™ shotgun pistol grip cuts recoil in half and makes firing breaching rounds painless and easy; in fact, the product is so effective that a breaching shotgun outfitted with the stock can even be fired one-handed in awkward angles.

The weapon's catch, sling and sling adapter work together to provide an effective and secure retention system. The weapon's catch can attach to either a MOLLE-equipped vest using BLACKHAWKI's Speed Clips™ or to a standard issue duty belt using A.L.I.C.E. Clips retention straps. The sling attaches to the butt of the stock, while the sling adapter loops around the shoulder section of the breacher's body armor. Using this versatile retention system ensures **your breaching shotgun is at the ready when you need it or out of the way when you don't.**
